

Medication Policy

In order to run our practice as efficiently as possible, we would like to explain our medication policy:

1.) We do not refill medications over the phone or by fax. Please come to your appointment with all of your pain medications in the actual bottles. ***Please remember, the medications we prescribe should be taken only as directed, and should last until your next appointment with our office.***

It is our policy not to provide or refill medications early. If medications are taken more often than prescribed, or lost or stolen, they cannot be replaced.

2.) If you have a change in your pain levels, we ask that you call immediately to make an appointment with our office. You will then receive an individual consultation as soon as our schedule will allow. These visits help us to closely monitor your condition and your response to medications.

3.) We ask that our medication refill telephone line be used sparingly. Spending time answering pharmacy requests prevents us from caring for patients in the office.

4.) Remember that your pharmacist is well-educated regarding medications. and is a valuable resource for information.

Thank you very much for reviewing this policy.
